MEMORANDUM FOR THE RECORD

SUBJECT: Discussion with Mr. Wheaton Byers, Executive
Secretary, PFIAB, 27 February 1975

Wheaton Byers, having reviewed the annexes registered concern about reference to the PFIAB study on HUMINT and asked that it be excluded.

I noted that the Murphy Commission has cited it and that it was only a matter of time before its presence is known.

He plans to discuss with Buchen for guidance. I agreed to discuss with the DCI.
